

WORLD SKILL COUNCIL

WORLD SKILL QUALIFICATION FRAMEWORK

LEVEL	VOCATIONAL KNOWLEDGE	VOCATIONAL SKILL	CORE SKILL	RESPONSIBILITY
WSQF Level 1	Familiar with common trade, terminology, instructional words meaning and understanding	Routine and repetitive, takes safety and security measures.	Reading and writing, addition, subtraction, personal financing, familiarity with social and religious diversity, hygiene and environment	No responsibility always works under continuous instruction and close supervision
WSQF Level 2	Material tools and application in a limited context, understands context of work and quality	Limited service skill used in limited context, select and apply tools, assist in Professional works with no variables differentiates good and bad quality	Receive and transmit written and oral messages, basic arithmetic personal financing understanding of social political and religious diversity, hygiene and environment	No responsibility works under continuous instruction and close supervision
WSQF Level 3	Basic facts, process and principle applied in trade of employment	Recall and demonstrate practical skill, routine and repetitive in narrow range of application	Communication written and oral, with minimum required clarity, skill of basic arithmetic and algebraic principles, personal banking, basic understanding of social and natural environment	Under close supervision Some Responsibility for own work within defined limit.
WSQF Level 4	Factual knowledge of field of knowledge	Recall and demonstrate practical skill, routine and repetitive in narrow range of application using appropriate rule and tool, using quality concepts	Language to communicate written or oral, with required clarity, skill to basic arithmetic and algebraic principles, basic understanding of social political and natural environment	Responsibility for own work and learning
WSQF Level 5	Knowledge of facts, principles, processes and general concepts, in a field of work	A range of cognitive and practical skills required to accomplish tasks and solve problems by selecting and applying basic methods, tools, materials and information	Desired mathematical skill, understanding of social, political and some skill of collecting and organising information, communication.	Responsibility for own work and learning some responsibility for other's works and learning
WSQF Level 6	Factual and theoretical knowledge in broad contexts within a field of work	A range of cognitive and practical skills required to generate solutions to specific problems in a field of Work	Reasonably good in mathematical calculation, understanding of social, political and reasonably good in data collecting organizing information and logical communication	Responsibility for own work and learning and full responsibility for other's works and learning
WSQF Level 7 (Skill Master – A Grade)	Wide ranging, factual and theoretical knowledge in broad contexts within a field of work	Wide range of cognitive and practical skills required to generate solutions to specific problems in a field of work	Good logical and mathematical skill understanding of social political and natural environment good in collecting and organizing information, communication and presentation skill	Full responsibility for output of group and development
WSQF Level 8 (Skill Master – A+ Grade)	Advanced Knowledge and skill	Critical understanding of the subject, demonstrating mastery and innovation, completion of substantial research and dissertation.	Responsible for decision making in complex technical activities involving unpredictable work situations.
